

The 13th Asian-Pacific Federation for Information Technology in Agriculture

Organized by:

- University of Engineering and Technology, Vietnam National University, Hanoi (VNU-UET)
- The Asian-Pacific Federation for Information Technology in Agriculture (APFITA)
- Ministry of Agriculture and Rural Development (MARD)
- Ministry of Science and Technology (MOST)
- Vietnam Digital Agriculture Association (VIDA)

Program committee:

Jimmy Chou, General Secretary, APFITA

Le Huy Ham, VNU-UET

Invited speakers:

Representation of the Government, Ministries, Universities, and Ambassador of Israel, Eurocham, Netherlands, Japan, Korea, Thailand...

Important dates:

June 15, 2020: Abstract submission

August 15, 2020: Extended abstract submission & early bird registration

October 10, 2020: Regular registration

Invitation

We are pleased to announce that The 13th Asian-Pacific Federation for Information Technology in Agriculture 2020 (APFITA 2020) will be held in Hanoi, Vietnam, from November 26-28, 2020. This international conference is organized by the VNU-UET, APFITA, MARD, MOST and VIDA .

A series of International Conference on APFITA has been successfully organized since 1998 in many countries such as Japan, Indian, Taichung, Australia, Indonesia, Thailand to exploit the potential of Information and Communication Technology to improve the efficiency of production in agriculture.

The APFITA 2020 aims to bring together leading academic scientists, researchers, practitioners, and government agencies to exchange and share the most recent innovations, trends, and concerns, as well as practical challenges encountered and solutions through science presentation and business matching. **Besides that, the conference is also the platform to exhibit new advanced technologies and research results in the fields of agriculture.**

On behalf of the organizing committee, we would like to invite you to share invaluable knowledge on Information Technology in Agriculture issues and disseminate this announcement to potential participants.

Call for Paper

Main topics

The following specific subjects related to Information Technology in Agriculture in Asian-Pacific, are selected as the topics:

1. Disaster Management in Agriculture
2. Modeling and Simulation for Agricultural Production
3. Digital Infrastructure Development and Applications in Agriculture
4. Agricultural Informatization and IoT Technology
5. AI Pilot Applications in Smart Agriculture
6. Technology transfer solutions for small and medium businesses
7. Geospatial Technology in Agricultural Resources
8. GIS Application in Agriculture
9. Supply chain management technology in Agriculture
10. Digital marketplace in Agriculture
11. Information Technology in the market analysis, management, and traceability
12. OGC Asia Forum
13. Big Data Analysis for Precision Agriculture and Farming Support Systems.
14. Policies to support agricultural digitalization in Asia-Pacific and surrounding regions

Other topics related to technologies in Agriculture are also welcome.

Publication

All accepted papers will be published in International Proceeding indexed by Springer. After peer-reviewed, selected papers will be invited to be expanded and published in following Journals:

- International Journal indexed by Springer
- Agriculture (SCIE/Scopus journal)
- VNU Journal of Science

Abstract submission

The abstracts and extended abstracts should be prepared based on the templates available at the conference website <http://apfita.com>

Registration fee and payment

- LOCAL PARTICIPANTS:
 - Early bird (before August 15, 2020): VND 1,500,000/paper (student) and VND 2,000,000 (standard)
 - Regular: VND 2,000,000/paper (student) and VND 2,500,000 (standard)
- OVERSEAS PARTICIPANTS:
 - Early bird (before August 15, 2020): USD 175/paper (student) and USD 250 (standard)
 - Regular: USD 250/paper (student) and USD 300 (standard)
